

Dear Parents,

We hope you have been able to relax and enjoy time with your children over this holiday break!

When classes resume on January 4, we will operate in [Connected Remote Learning/Phase 1](#). We will remain in this phase through Friday, January 15. On Tuesday, January 19, we are scheduled to transition to [“One Grace”: Connected Remote Learning / On-Campus Learning](#).

For the safety of our entire community, we are requiring that every staff member and student provide a negative PCR result before returning to the building. Please Note: Test results can be dated no earlier than January 11 and no later than January 15. For your convenience, we have linked to local COVID-19 Testing Sites:

[District of Columbia](#)

[Montgomery County](#)

[Prince George's County](#)

If you are concerned about your child's comfort, we recommend that you contact your pediatrician. If you have any questions or concerns, please contact Noelle McHugh, nmchugh@geds.org.

Best wishes for a very Happy New Year!
